

RULES & GEAR GUIDE

SAFETY RULES

Gearbound aims to provide a safe and sane environment for men who enjoy fetish gear & bondage and want to meet others, play, learn new skills and improve existing ones. We're not expecting you to play all the time, and there is a seating area to socialise and rest.

Gearbound is a non-profit member's only club, the admission charge is invested back into the club for running costs and purchase equipment for you to use.

The BDSM scene, in general, is a safe space, however in order to keep everyone safe, Gearbound has some rules which you must agree to in order to enter and participate.

Gearbound will have designated hosts available for each event. The host is there as your point of contact if any safety issues arise. Whilst playing is ultimately at your own risk, the host may stop a scene or prevent a person from participating in a scene if they feel there is a risk to themselves or others, and may even ask you to leave the club if required.

*We do not reimburse admission costs.

Acceptance of the following rules are part of the conditions of entry. Failure to ignore or adhere to the rules, GearBound reserves the right to ask any person to leave, or prevent entry, at any time.

*We do not have to provide explanation or refund admission costs.

1) CONSENT

- ⚙ If you intend to play with others, please gain consent from all involved and discuss boundaries. If a scene is already in progress, you may look, but please do not participate unless explicit consent is given. You need to gain consent even if you know the people involved.
- ⚙ Participation in any activity whilst at GearBound is undertaken entirely at your risk and your consent. Discussion of limits and safe words should be agreed upon in advance. (Please see safe words)
- ⚙ Using physical force (violence) to start or during a scene (which is likely to cause alarm) is not permitted at the club, however, you may witness flogging, corporal punishment, and cock & ball torture. Consent must be given by the sub before commencing.
- ⚙ When using any equipment that will impair the speech, hearing or vision of a person, such as gags, duct tape, hoods, blindfolds, earplugs, ear defenders, please ensure consent is given, and for good practice, ensure that the sub has a method of informing you if they wish to stop (Please see safe words)
- ⚙ Entering the club, or being in gear does not imply consent. Inappropriate fetish gear should not be worn outside the club, whilst you may have consented, you should consider that the general public have not.
- ⚙ Our photographer will always gain consent from you (Please see safe photography section)

RULES

2) SAFE WORDS

- ⚙ Always try to establish a safe word, or method of informing the 'Top' that you wish to stop a scene or pause a scene. Please respect the use of a safe word/method as it keeps everyone safe.
- ⚙ You could try to use a different safe word or method that will inform the 'Top' that you need a break, but don't want the scene to end.
- ⚙ Gearbound will provide a club specific safe word. This will be displayed around the venue. If a 'Top' does not respond to the sub's own safe word, they can alert the host by using the club safe word.
- ⚙ If the club safe word is used, play must stop immediately. Failing to respond to the sub's wishes/withdrawal of consent, may result in you being asked to leave the venue, and may include being asked not to return.

3) SUBSTANCE USE

- ⚙ There is a strict no drugs rule, you will be asked to leave the premises and may be reported to the police.
- ⚙ The use of poppers are allowed, but please gain consent from the sub if you are intending to administer them during a scene.
